## 15<sup>th</sup> China International Exhibition on Gases Technology, Equipment and Application

Concurrent Event: 5<sup>th</sup> China International Exhibition on NGV, Engines,  
Gas Refueling Stations & Hydrogen Energy

### Organizer:

China Industrial Gases  
Industry Association

### Producer:

AIT Events Co., Ltd.  
Asia IT International Co., Ltd.

IG, China is an annual event of industrial gas industry, which has been held for 14 years since 1999 and won its higher appraisal from the exhibitors and visitors, with its annual increasing number of exhibitors and visitors, expanding the exhibiting profile, technical contents to a higher level. With these years' growth, IG, China has become the No.1 trade show in China and also showed how the trade fair could galvanize the market. In 2013, IG, CHINA will move to Chengdu, Sichuan Province again, welcome to join us!

Du Jun

### President of China Industrial Gases Industry Association

*"We are delighted to be hosting the 15<sup>th</sup> China International Exhibition on Gases Technology, Equipment and Application in Chengdu 2013(IG, CHINA 2013). As the largest exhibition in gases industry, we look forward to welcoming all of the industry's key players and decision-makers for a three day event. This Exhibition will provide a wonderful platform for gas manufacturers and suppliers, both Chinese and foreign, to conduct technical cooperation and business contacts.*

Frank Xu

### President of AIT Events Co., Ltd.

*To All Our Supporting Exhibitors and Industrial Players:  
I have the great pleasure in welcoming our old and new exhibitors to join us at 15<sup>th</sup> IG, China & in Chengdu, Sichuan Province which is the No.1 gas related industries' base in China.. We are committed to providing the best networking platform & service to the industry, and to create more business opportunities for our exhibitors and buyers. During the past 14 years of IG, China, we are grateful for all your supports and attention to the events. Our team is ready for offering you the improved services to these MUST-ATTEND Events.  
Looking forward to meeting you in Chengdu on November 20-22, 2013*

### International Partners:

- Asia Pacific Natural Gas Vehicles Association
- Asia Pacific Gases Manufacturers Association
- Korean Gases Safety Corporation
- Ukraine Association of Industrial Gases Manufacturers
- All India Industrial Gases Manufacturers Association
- Korean High Pressure Gases Cooperative Union
- India Cryogenics Council

### Special Endorsement by:

- General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China
- State Administration of Work Safety
- National Energy Administration
- China Petroleum and Chemical Industry Federation
- National Technical Committee on Gas Cylinders of Standardization Administration of China
- National Technical Committee on Gas of Standardization Administration of China

### Media Partners:

## Why Exhibit at IG, China

### In essence, IG, China is

- ★ China's No. 1 event in industrial gases
- ★ China's most authoritative and most professional brand event organized by China Industrial Gases Industry Association and produced by AIT Events
- ★ A sales-effectiveness platform recognized by the exhibitors and visitors
- ★ A best opportunity for business interaction among Chinese and foreign industrial gas industry specialists, for launching new projects and keeping abreast of the very latest global trends and industry development prospects
- ★ An effective marketing tool for facilitating your presence in China

### AN UN-DISPUTED SUCCESS: Data Analysis for IG, China 2012 & NG, China 2012

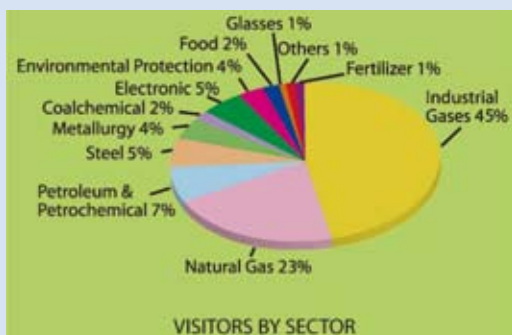

- ◆ A total of 300 Exhibitors from 20 countries
- ◆ A total show space of 20,000 m<sup>2</sup>
- ◆ A total of 5,000 trade visitors from 30 countries

### On the Exhibitors' Side

### On the Visitors' Side

#### All Industries Related

#### High Qualified Visitors

## Who Should Exhibit

### 1. Industrial Gases Equipment, System and Technology

Air Separation Solvent Acetylene Vacuum; Hydrogen Production Pressure Swing Adsorption; Membrane Separation Carbon Dioxide Production; Special Gases and Other Industrial Gases; Special Gases Equipment and Recapture Technology

**2. Gases Applications** in Food, Environment Protection, Lighting, Building, Material, Mechanical, Electrics, High-Tech, Semiconductors, Plasma production, Glasses etc.

**3. Affiliated Equipment and Suppliers**  
Air Compressors; Oxygen, Nitrogen, Hydrogen, Carbon Dioxide and

Natural Gas Compressors; Diaphragm Compressors and Turbine Expanders; Valves & Pumps; Thermal Isolation Materials; Gases Cylinders Adsorbent Materials; Gas Filling, Cutting & Welding Equipment; Molecular Sieve Desiccation Equipment

### 4. Transportation & Packing Suppliers

Various High & Low Pressure Cylinders Hypothermic Liquid Storage Tanks; Aluminum Cylinders Cryogenic Liquid Trucks & Trailers

### 5. Gas Analyzers & Instruments and Meters

Dew Point Testers; Mass Spectrometers, Gas Chromatograph and Spectrum Analyzer; Alumna Oxygen Content Analyzer Microanalyzers

### 6. Cylinder Testing Equipment

Cylinder Hydro Static Testers; Metal Thickness Indicators; Metal Thickness Indicators; Metal Flaw Detectors and Industrial Endoscope; Cylinder Valve Demounting Machines; Automatic-dump Water Machines

### 7. Medical Gas Equipment

Home-use Oxygen Respirators; High Pressure Oxygen Cabinets; Hospital Oxygen Supply System and Products

### 8. Latest Energy Saving Gases and Equipment

Natural Gases & Its Facilities; NGV Vehicles and Engines; The Spare Parts

## Booth Rental

▲ Option 1: Shell Scheme: 3 m×3m RMB 2,800/ m<sup>2</sup>  
Shell Scheme Covers:

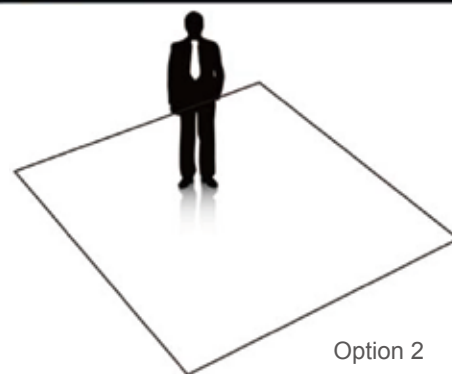

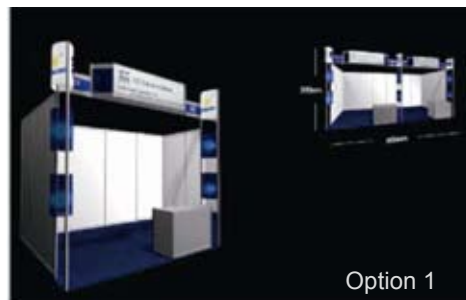

- Stand No. & fascia board with company name
- Carpet inside the booth & participation
- One desk, two chairs and one dustbin
- One 5A/220V socket & two spotlights

▲ Option 2: Raw Space: min. 18 m<sup>2</sup> RMB 2,400/ m<sup>2</sup>

There is not any facility for such kind of stand, so the exhibitor can choose the construction team by selves or ask the organizer to recommend.

### All exhibitors will enjoy the following free services:

- Free logo advertising and news release on the official website
- Free company listing of up to 100 words in the Show Guide
- Direct mailing to targeted companies including the buyers from previous show
- Planned overseas promotion
- Meeting with official authorities from China

## China Gases Forum

China Gases Forum is a well-informed platform with the contents of the industrial gases industry development situation in China, the release of industrial gases' new product and new technology and industrial gases' new application. It will be an effective platform for the communication and technical exchange among the experts, exhibitors, trade visitors etc.
